HEALTH AND SAFETY POLICY**

MOTION #17-34

Reviewed June 22, 2017

The Barrie Public Library Board is committed to the health and safety of its employees. Protection of employees from injury and occupational disease is a continuing objective. The Barrie Public Library Board will make every effort to provide a safe, healthy work environment. All supervisors and workers must be dedicated to the continuing objective of reducing risk of injury and maintain a healthy environment. The Library considers mental health to be an important component of the overall health and safety of employees. The Library is committed to creating awareness and to the prevention of mental health issues in the workplace, in consultation with the appropriate committees and the Union through use of appropriate programs and resources.

With the assistance of the Library's Joint Health and Safety Committees the Board has implemented an ongoing health and safety program. A program of Health and Safety procedures sets out the components. All current relevant laws and regulations, including the Occupational Health and Safety Act, are incorporated in the program as minimum standards.

Everyone has responsibility for Health and Safety in the workplace.
