

Hoopla Digital

PCs, Laptops & Mobile Devices

Hoopla contains movies, TV shows, music, e-books, e-audiobooks and e-comics. You can play/read online (all devices) or download (mobile devices only).

Requirements

- Desktop & laptop computers may require a plugin for your browser
- Mobile devices & tablets must download the **Hoopla app**

Signing up

1. Go to www.hoopladigital.com in your web browser
2. Click **Log In** (upper right corner), then **Sign Up Now**
3. Select your library
4. Fill in your details to register (your email and password will be used to login)
5. Tick box allowing the library to share information with Hoopla. Then click **Sign Up Now**

Searching for items

- **Log in** to see our available content
- **Search box**: type the title, name or any other descriptive word
- **Browse All** at the top-right of each section (eg. Movies section or Comics section)
- After clicking **Browse All**, you can further split each format into smaller genres or collections
- Click on an item's cover image to view more details

Downloading and streaming

- There are monthly download limits – check website for details
- Click **Borrow** to check out the item. Once borrowed, the return date of the item is displayed. It will be automatically removed from your account on this date (2-3 days for movies & TV shows, 7 days for music albums, 21 days for e-books. Loan day ends at 8pm EST). Borrowed items appear in **My Titles** at the top of the home page. Click **See All** on the home page to view your full **Borrowed** and **Favorites** lists
- Click on the borrowed item: Desktop & laptop users will have the option to **Play/Read** (requires an internet connection) Mobile device users can **Play** or **Download** (for offline viewing)
- You may also click on an item, then **Add to favorites** to save it to a favourites list

Viewing

- Action View can be used with e-comics to view them panel by panel. To activate this click or tap in a panel. To deactivate it click or double-click in the panel.
